# *Participant Fee Disclosure*

Retirement Plan(s) of HELLEBUSCH TOOL & DIE, INC.  
Plan Number G38458

This document is being provided to you to make you aware of your rights and responsibilities with respect to the investment of assets held in, or contributed to, your Retirement Plan account.

It provides sufficient information regarding your Plan and its designated investment alternatives, including their related fees and expenses, to allow you to make informed decisions regarding the management of your account. As such, this document is intended to satisfy the obligations created by Regulation 2550.404a-5 issued by the U.S. Department of Labor (DOL). If you have questions about the information presented here, you should contact your Plan Administrator or the OneAmerica Financial Customer Engagement Center at 800-249-6269. A glossary to assist in understanding the terms used in this document can be found at [oneamerica.com/legal/prospectuses/investment-glossary](http://oneamerica.com/legal/prospectuses/investment-glossary).

The investment options available to you are contained in a group annuity contract(s) issued by American United Life Insurance Company (AUL). More detailed information on each of these options is shown in Exhibit A, but in general they consist of a fixed interest option and variable investment options provided through an AUL separate account. Contributions to the Plan(s) will be sent to AUL where they will be allocated to the investment options according to the directions received by AUL.

## ***Investment Direction***

Under the terms of your Plan(s), you have been given the responsibility to direct the investment of the funds contributed to your account. You can do this

- 1) Via your account at [oneamerica.com](http://oneamerica.com) or the OneAmerica Financial mobile app
- 2) Via the OneAmerica Financial Customer Engagement Center
- 3) By completing an Investment Option Election Form

If you do not direct the investment of your applicable Plan accounts, then your accounts will be invested in accordance with the default investment options established under the Plan(s). These default investments will be made in accordance with specific rules under which the fiduciaries of the Plan(s), including the Employer, the Trustee and the Plan Administrator, will be relieved of any legal liability for any losses resulting from the default investments. The Plan Administrator has, or will provide you with, a separate notice which details these default investments and your right to switch out of the default investment if you so desire. If you do not actively direct your contributions, it is your responsibility to re-direct any defaulted contributions made to your account (if you are able to direct investment election), if applicable, into the other investment options available for the Plan(s) via the investment direction channels listed above.

In addition, all or part of your account value may be transferred between the available investment options at any time, but no more frequently than once per day. You can initiate a transfer by accessing your account at [oneamerica.com](http://oneamerica.com), through the OneAmerica Financial mobile app or by calling the Customer Engagement Center. Transfers will be based on the market value of your account balance on the day the transfer is made, if received by 4 p.m. Eastern Time using Account Services. If your request is received after 4 p.m., your request will be processed and based on the market value of your account on the next business day.

***Transfer Restrictions***

There is a transfer restriction related to the Stable Value (SVA) investment. You may transfer up to one-hundred percent (100%) of the SVA balance at any time; however, that amount may not be transferred to a competing investment. After a transfer from the SVA to a non-competing investment, you must wait 90 days before you may transfer any money to the SVA or a competing investment.

A participant requesting a redemption with a value of \$5,000 or more from an American Funds investment option will be precluded from investing in that investment option until 30 days have elapsed since the date of the redemption transaction.

***Voting Rights***

AUL owns the shares of any mutual fund, collective investment trust, or other entity held in connection with the variable investment options offered under the group annuity contract(s). AUL exercises these voting rights at all shareholder meetings on all matters requiring shareholder voting. AUL's vote reflects the proxy instructions it receives in a timely manner from parties that hold the voting interest.

***Investment Manager***

RT JONES CAPITAL EQUITIES MGMT INC and WILLIAM L MEYER JR are providing investment advice and/or account management services to the participants and beneficiaries under the Plan(s).

***Fees and Expenses Information***

There are three general categories of fees that can be applicable in connection with the services provided by AUL for you and your Plan Administrator and the investments options offered. They are:

- General administrative services provided to the Plan(s) by AUL
- Charges for processing certain individual transactions
- Fees that are related to the investment options offered in connection with the Plan(s).

These fees vary based on the services selected by your Plan Administrator and are set out in more detail in Exhibit B. In addition to the services selected by your Plan Administrator, you will receive quarterly statements, provided financial recordkeeping and have access to additional information by accessing your account at [oneamerica.com](http://oneamerica.com) or through the OneAmerica Financial mobile app.

## Exhibit A: Investment Options

AUL allocates amounts to the Stable Value Account (SVA) as AUL is directed. Interest is credited daily from the date of the allocation to the SVA to the date of withdrawal from the SVA. Each year, at least 35 days prior to January 1, AUL declares a guaranteed rate for the SVA that applies for the subsequent calendar year. All monies in the SVA will earn interest at the guaranteed rate in effect. No guaranteed rate may be less than an annual effective interest rate of 0%. Thus, principal and interest accrued on all amounts invested in the SVA are guaranteed (although such amounts are subject to any applicable withdrawal charge).

### **Fixed Interest Investment Option**

Your Plan(s) offers a fixed interest investment option (SVA). This option is backed by the general assets of AUL's general account and provides both a guarantee of principal and a lifetime minimum interest rate. Interest will be credited to amounts allocated to the AUL Stable Value Account SVA at the rate as of the date of this Participant Fee Disclosure of 2.00% or at a minimum guaranteed rate of 0.00%.

### **Variable Investment Option**

Your Plan(s) offers the variable investment options shown below through an AUL separate account. These options will provide the opportunity to experience investment results similar to those of the securities that support and underlie the options. All balances held in these options are insulated from the claims of AUL's general creditors and can be used only for providing the benefits specified in the Plan(s) and Contract(s). Contributions allocated to these options are credited in units of the AUL separate account and AUL in turn purchases shares of the specific, corresponding securities. No contributions are directly invested into the mutual funds or collective investment trusts.

The following list provides the investment options available for your Plan(s). The expense ratio in the chart is the annual operating expenses of the underlying mutual fund divided by the average net assets of the underlying mutual fund. The expense ratio is retained by the investment management company. For prospectus information on your Plan's variable investment options, please visit [oneamerica.com/legal/prospectuses](http://oneamerica.com/legal/prospectuses). If you want additional information about your investment options, including current interest rates and variable investment performance, you can access your account at oneamerica.com or the OneAmerica Financial mobile app. You can also request a free paper copy of the information by contacting the OneAmerica Financial at 317-285-1877 or writing to P.O. Box 368, Indianapolis, IN 46206-0368.

**NOTE:** Investments having a superscript F (F) indicate that the investment is frozen, which means the investment will no longer accept future contributions.

In addition to the designated investment alternatives listed above, your plan also offers a series of "model portfolios" that have been created by your Plan's advisor. A model portfolio is a combination of a selection of the Plan's underlying designated investment alternatives in a predetermined proportion that is intended to meet a particular investment objective established by the advisor. By choosing a model portfolio, your investments will be directed into the underlying designated investment alternatives that make up the portfolio.

Each of the underlying alternatives have their own investment style, fees and performance which are designed in the chart above and will be shown on your account statements. You may change any or all of the underlying investment alternatives at any time by changing your investment elections by logging in to your account at [oneamerica.com](http://oneamerica.com) or through the OneAmerica Financial mobile app.

More information about the model portfolios offered by your plan can be found at [oneamerica.com](http://oneamerica.com). This information describes, among other things, the available strategies, the underlying designated investment alternatives used in the model, information regarding rebalancing including the frequency of rebalancing and whether rebalancing may be turned on and off, and whether models will be applied to existing balances, future contributions, rollovers, and other contributions.

If the Plan permits and the participant invests in assets not specifically reported on the quarterly statements provided by AUL, the participant will receive more than one statement detailing the investments in the plan within a reasonable amount of time after the end of each quarter. Examples of these types of assets include self-directed brokerage accounts, real estate, life insurance, or assets with another vendor.

An investment's past performance is not necessarily an indication of how the investment will perform in the future. Fees and expenses are only one of several factors to consider when making investment decisions. The cumulative effect of fees and expenses can substantially reduce growth of a retirement account. Participants and beneficiaries can visit [dol.gov/ebsa](http://dol.gov/ebsa) for an example demonstrating the long-term effect of fees and expenses.

The benchmarks shown in the chart above are broad-based securities market indices produced and administered by independent and unrelated third parties. These benchmarks are provided to help you assess the investment options available in your plan. Since each available investment option may have a different inception date and since the performance of each benchmark is calculated from the inception date of the related investment option, the performance of a benchmark displayed in the chart and related to a particular investment option choice could be different than the same benchmark shown in relationship to a different investment option.

## Exhibit B: Fees and Charges

The fees and charges shown below may be charged against your account on an individual, rather than a plan-wide basis. If these fees are deducted from your account, your quarterly statement will list the amount in the Fee section. Fees for plan administrative, legal, accounting, and other services are paid by the plan sponsor. However, the Plan Sponsor may direct that these fees be assessed against participant accounts on a pro rata or per capita basis.

### ***Direct Administrative Fees:***

Per Participant Account Fee		
If total plan assets are in the range below	And if the average participant account balance is: \$0 - \$19,999	And if the average participant account balance is: \$20,000 +
\$0 - \$999,999	\$20	\$20
\$1,000,000 +	\$20	\$0

The per participant account fee will be determined by the average participant balance (excluding brokerage window assets, if any) at the end of the period. 1/4 of the fee shown will be assessed quarterly. For example, a \$40 fee is assessed \$10 each quarter.

Other Administrative Fees		
Fee Type	Amount	Description
3(21) Plan Sponsor Advice	0.0050%	Fee is a percentage of the account value assessed quarterly. AUL will keep up to 50% of this fee for related administrative services.

### ***Direct Individual Participant Fees:***

Other Individual Participant Fees		
Fee Type	Amount	Description
Distribution	\$40	Fee assessed at time of a full distribution
Loan Initiation	\$75	Fee per loan is deducted from the participant's account at the time of distribution
Loan Administration	\$24	Fee per loan is charged annually by deducting \$6 from the participant's account at the end of each full Contract Quarter.

### ***Direct Contract Termination Fees (also may apply to Individual Participant Withdrawals):***

Any contract termination fees associated with this Plan(s) are not deducted from participant accounts.

**Investment Option Charge (IOC):**

The AUL portion of the IOC is calculated using the following asset charge.

**Asset Charge:**

The applicable rate based on the chart below can be found by logging in to the plan sponsor or participant account at <a href="http://oneamerica.com">oneamerica.com</a> and viewing the plan's investment performance information.			
Aggregate Month-End Plan Investment Account Value (Minimum)	Aggregate Month-End Plan Investment Account Value (Maximum)	Annual Charge Factor	Annual Charge Factor per \$1,000
\$0	\$249,999	1.80%	\$18.00
\$250,000	\$499,999	1.55%	\$15.50
\$500,000	\$749,999	1.10%	\$11.00
\$750,000	\$999,999	0.80%	\$8.00
\$1,000,000	\$1,999,999	0.55%	\$5.50
\$2,000,000	\$2,999,999	0.45%	\$4.50
\$3,000,000	\$3,999,999	0.35%	\$3.50
\$4,000,000	\$4,999,999	0.25%	\$2.50
\$5,000,000	\$9,999,999	0.25%	\$2.50
\$10,000,000	\$999,999,999	0.25%	\$2.50

**Non-AUL Fees:**

In addition, the Plan Sponsor has authorized the collection of fees for other plan services providers from participant accounts. No portion of these fees will be retained by AUL unless stated below. These fees are as follows:

Other Plan Service Provider Fees		
Fee Type	Amount	Description
Redemption Fee	Variable	A fee assessed to a participant account by an investment management company if shares of a particular mutual fund are purchased and sold within the minimum holding period determined by the investment management company. No portion of this fee will be retained by AUL. A detailed description of a redemption fee, and a list of fees as of a specific point in time, can be found within our Glossary (see the Redemption fee and transfer restrictions guide).

Advisor Fees - WILLIAM L MEYER JR		
Fee Type	Amount	Description
Advisor	0.0625%	Fee is a percentage of the account value deducted quarterly from participant accounts

Investment Advisor Fees - RT JONES CAPITAL EQUITIES MGMT INC		
Plan Quarter End Assets (Minimum)	Plan Quarter End Assets (Maximum)	Quarterly Percentage
\$0	\$19,999,999	0.1250%
\$20,000,000+		0.1000%

The quarterly percentage will be applied to the Plan account value and deducted pro rata from participant accounts.
