How much life insurance do you need?

The real question is:

How much will your loved ones need for short- and long-term expenses?

According to the American Council of Life Insurers (ACLI), a guideline is a life insurance amount equal to 10 times your annual income. No rule applies to everyone, however, because financial situations and goals vary from person to person and family to family. Use our simple online life insurance calculator at HumanaLife.com to help determine your life insurance needs.
