INSURANCE COMPANY**

<i>Notice of Protection Provided By Missouri Life and Health Insurance Guaranty Association</i>

This notice provides a *brief summary* of the Missouri Life and Health Guaranty Association ("the Association") and the protection it provides for policyholders. This safety net was created under Missouri law, which determines who and what is covered and the amounts of coverage.

The Association was established to provide protection in the unlikely event that your life, annuity, or health insurance company becomes financially unable to meet its obligations and is taken over by its insurance department. If this should happen, the Association will typically arrange to continue coverage and pay claims, in accordance with Missouri law, with funding from assessments paid by other insurance companies.

The basic protections provided by the Association are as follows:

- Life Insurance
 - \$300,000 in death benefits
 - \$100,000 in cash surrender or withdrawal values
- Health Insurance
 - \$500,000 in hospital, medical, and surgical insurance benefits
 - \$300,000 in disability insurance benefits
 - \$300,000 in long-term care insurance benefits
 - \$100,000 in other types of health insurance benefits
- Annuities
 - \$250,000 in withdrawal and cash values

The maximum amount of protection for each individual, regardless of the number of policies or contracts, is as follows:

- \$300,000 in aggregate for all types of coverage listed above, with the exception of basic hospital, medical, and surgical insurance or major medical insurance
- \$500,000 in aggregate for basic hospital, medical, and surgical insurance or major medical insurance
- \$500,000 to one policy owner of multiple nongroup policies of life insurance, whether the policy owner is an individual, firm, corporation, or other person, and whether the persons insured are officers, managers, employees, or other persons

Note: Certain policies and contracts may not be covered or fully covered. For example, coverage does not extend to any portion(s) of a policy or contract that the insurer does not guarantee, such as certain investment additions to the account value of a variable life insurance policy or a variable annuity contract. There are also various residency requirements and other limitations under Missouri law.

To learn more about the above protections, as well as protections relating to group contracts or retirement plans, please visit the Association's website at www.mo-iga.org, or contact:

General Provisions

Who can be insured?

All members of the eligible classes shown on the Schedule of Benefits can be insured.

When am I eligible to be insured?

You are eligible to be insured on the latest of:

- 1) the policy effective date;
- 2) the date you become a member of an eligible class shown on the Schedule of Benefits; or
- 3) the date you complete the probationary waiting period (if any).

The probationary waiting period may differ for current and new Insured Individuals. The probationary waiting periods are shown on the Schedule of Benefits.

When does my insurance begin?

To become insured, you must complete, sign and submit an enrollment card to the Policyholder within 31 days of your eligibility date.

Your insurance begins on the first day of the policy month, which coincides with, or next follows the date you are first eligible, but only if you are a member of an eligible class on the date insurance is to begin.

If you are not a member of an eligible class on the date insurance is to begin, insurance will begin on the first day of the policy month following your entry into an eligible class.

Late Applicant

If the completed enrollment card for a new individual is submitted to the Policyholder more than 31 days after the individual became eligible, the individual is considered a Late Applicant. Benefits for Late Applicants are limited to Type I services for a minimum of 12 consecutive months. Late Applicants will be entitled to full benefits beginning with the next calendar year (January 1) following 12 consecutive months of continuous coverage.

An eligible individual who enrolls during the annual open enrollment period will not be considered a late applicant unless coverage was voluntarily terminated previously.

When am I eligible for insurance for my dependents?

You are eligible for insurance for your dependents on the later of:

- 1) the date you are eligible to be insured; or
- 2) the date you acquire an eligible dependent.

The date acquired for eligible dependents is as follows:

- 1) a spouse is deemed acquired on the date of marriage;
- 2) a natural child is deemed acquired on the date of birth;
- 3) an adopted child is deemed acquired on the date of placement for the purpose of adoption and continues to be eligible unless the placement is disrupted prior to legal adoption and the child is removed from placement;
- 4) a stepchild is deemed acquired on the date of marriage to the natural parent; and
- 5) a grandchild or other child is deemed acquired on the first date he or she meets the definition of "child" as shown below.

Who are eligible dependents?

Eligible dependents are:

- 1) your spouse; and/or
- 2) each unmarried child who is:
 - a) under 26 years of age (until the end of the month in which the child turns age 26);
 - b) age 26 or over if the child:
 - i) is incapable of earning a living due to mental or physical handicap on the day before reaching the age limit;
 - ii) depends on you for more than half of his or her support on that day; and
 - iii) remains incapacitated and dependent as described. You must submit proof of incapacity and dependency to Kansas City Life within 31 days after the child reaches the age limit. Kansas City Life can require proof of continued incapacity and dependency but not more than once each year after the two-year period following the child reaching that age limit.

Child includes only:

- 1) your natural child or adopted child; and/or
- 2) your stepchild, grandchild, or other child who lives with you in a regular parent-child relationship and for whom you (or your spouse who lives with you) have legal custody ordered by a court of competent jurisdiction.

No one can be insured as a dependent of more than one Insured Individual.

No one on active duty in the Armed Forces of any country can be insured as a dependent.

No one can be insured as a dependent if eligible for insurance as an Insured Individual, except if you and your spouse can be insured as an Insured Individual, one (and only one) of you may insure the other for dental care expenses.

When does insurance for dependents begin?

To insure your dependents, you must complete, sign and submit an enrollment card to the Policyholder within 31 days after your dependent becomes eligible. Your request must include all your dependents then eligible.

The dependent's insurance begins for each dependent then eligible on the later of:

- 1) the date your insurance begins; or
- 2) the first day of the policy month, which coincides with the date, you are first eligible for insurance for your dependents.

Late Applicant

If the completed enrollment card for a new dependent is submitted to the Policyholder more than 31 days after the dependent becomes eligible, the dependent is considered a Late Applicant. Benefits for Late Applicants are limited to Type I services for a minimum of 12 consecutive months. Late applicants will be entitled to full benefits beginning with the next calendar year (January 1) following 12 consecutive months of continuous coverage.

An eligible dependent of an insured individual who enrolls during the annual open enrollment period will not be considered a late applicant unless coverage was voluntarily terminated previously.

If a completed enrollment card is submitted prior to a child's third birthday, the Late Applicant provision will not apply.

You must inform Kansas City Life and the Policyholder in writing when your last dependent is no longer eligible. The Policyholder has forms available for this purpose. Kansas City Life will not give refunds or credits for your payment toward the cost of insurance for your dependents for any period before the later of:

- 1) the date your last dependent's insurance ends; or
- 2) 90 days before the date Kansas City Life is informed.

Dependents acquired after your coverage is effective.

Newborns are covered from the date of birth to the next premium due date that is at least 31 days after the child's birth. To continue coverage after this date you must request the coverage in writing and agree to make any required contributions. Kansas City Life will provide You with all forms and instructions necessary to enroll the newly born child and will allow You an additional 10 days from the date the forms and instructions are provided in which to enroll the newly born child.

All other dependents will be covered from the date of eligibility, if written request and payment of any required premium is submitted within 31 days.

When does insurance terminate?

Subject to the extension of benefits provision found within the Benefits Payable section, insurance under the Policy for you or your dependents will end on the earliest of:

- 1) the date the Policy terminates;
- 2) the date the Policy is amended or changed to end the insurance for the class of eligible individuals to which you belong;
- 3) the date you cease to be a member of a class for whom insurance is provided;
- 4) the date that ends the period for which you last made any required payment toward the cost of insurance for you or your dependents;
- 5) the date you cease to be actively-at-work as a full-time employee of the employer, if the Policy requires you to be actively-at-work;
- 6) the date your dependents cease to be eligible;
- 7) the date, which you or your dependent enters the Armed Forces, other than for reserve duty of 30 days or less.

If I terminate coverage when will I be eligible to re-enroll in coverage?

If you terminate your coverage or your dependent's coverage you will be allowed to re-enroll for coverage not less than 12 consecutive months after termination. Re-enrollees will be treated as Late Applicants upon re-enrollment. This provision includes termination of coverage due to non-payment of premium.

Can my coverage continue while I am not actively-at-work?

The Policyholder may (but is not required to) consider you a member of an eligible class (and continue your insurance) even though you are:

- 1) temporarily laid-off and the Policyholder expects to call you back to work;
- 2) put on approved leave of absence; or
- 3) unable to work because of injury or sickness.

The Policyholder must treat all Insured Individuals the same for purposes of continuing insurance.

If your insurance is so continued, it will end on the earliest of:

- 1) the date the Policyholder notifies Kansas City Life that you are no longer a member of an eligible class; or
- 2) the date that ends the period for which the Policyholder last paid the premium for you; or
- 3) the date that ends the maximum continuation period for which the insurance can be continued.

The maximum continuation period is as follows:

- for temporary lay-off, part time employment or approved leave of absence – three months.
- for injury or sickness – one year from the date injury or sickness begins.

Benefits Payable

What benefits are payable?

Kansas City Life will pay the percentage payable as shown on the Schedule of Benefits for charges incurred during each calendar year after the deductible (if any) has been met.

If you transfer from the care of one provider to another provider during the course of treatment, or if more than one provider renders services for you or your dependents benefits are not payable for more than the amount that would have been covered if one provider rendered the service or services.

All benefits payable to or for any person will not exceed the Maximum Benefit Amount shown on the Schedule of Benefits.

Kansas City Life may request pre-operative dental X-rays to determine liability for procedures submitted. If X-rays are not provided, benefits will be made for procedures that result in professionally adequate restoration, replacement or treatment.

Unless We agree otherwise, Covered Charges will include only charges for procedures listed in this certificate. If a non-listed procedure is accepted, We will determine the amount payable from a list of procedures of comparable nature.

How can I determine in advance what benefits are payable?

Predetermination of dental benefits is a service available through your Kansas City Life dental plan. This benefit review in advance of treatment enables you and your provider to see what services are covered by the plan and what your portion of the charges will be.

Predetermination should not be requested unless total charges for a proposed treatment plan exceed \$400. Ask your provider to submit a predetermination request. Kansas City Life will then provide a summary of covered expenses and payable amounts.

Please note the service is not designed to be used for emergency treatments or routine preventive services such as exams, x-rays or cleaning.

What is the difference between a Participating and Non-Participating Provider?

Participating Providers have agreed to a negotiated fee schedule that is generally less than the Usual, Customary, and Reasonable charges of other providers in any given region. With select plans, in addition to potentially lower total charges, deductibles and coinsurance percentages for Participating Providers may differ from those for Non-Participating Providers.

Depending on the dental plan purchased by the Policyholder, the allowable charge for Non-Participating Providers may be determined on a Usual, Customary, and Reasonable (UCR) basis, or the Maximum Allowable Charge (MAC) schedule negotiated with Participating Providers. See the Schedule of Benefits for the specifics of your plan.

You are not required to see a Participating Provider, but doing so has the potential to reduce your total out-of-pocket cost.

The following is an example of a comparison of out-of-pocket costs between Participating and Non-Participating Providers. Actual charges may vary. For specific information regarding deductibles and coinsurance percentages for your plan, see the Schedule of Benefits.

	Participating Provider	Non-Participating Provider
Initial Charge	\$700	\$700
Allowable Charge	\$500 (Negotiated Fee)	\$650 (UCR Limit/Negotiated Fee)
Deductible	\$50	\$50
Coinsurance Percentage	60%	50%
Amount Paid by Kansas City Life	\$270 ($\$500 - \50 Deductible) x 60%	\$300 ($\$650 - \50 Deductible) x 50%
Amount Paid by the Insured (Out-of-pocket)	\$230 ($\$500 \text{ Allowable Charge} - \270 paid by Kansas City Life)	\$400 ($\$700 \text{ Initial Charge} - \300 paid by Kansas City Life)

Participating Providers will never bill an insured individual for the balance between the initial charge and the allowable charge. Non-Participating Providers may choose to bill the insured for the balance between the initial charge and the allowable charge, a practice known as balance billing.

For a current list of Participating Providers in your area, refer to the website noted on your Dental Identification Card.

What is my deductible?

The deductible applies as shown on the Schedule of Benefits. The deductible must be met from covered dental expenses incurred during each calendar year and from the types of covered dental expenses to which it applies.

The amount of the deductible and the types of covered dental expenses to which it applies are shown on the Schedule of Benefits.

What is the maximum family deductible?

Once the family deductible (if any) has been met during a calendar year, covered dental expenses incurred by any other insured member of your family during the remainder of that calendar year will not be subject to a deductible. The family deductible is shown on the Schedule of Benefits.

Is coverage provided during a benefit waiting period?

Kansas City Life will not pay for (and covered dental expenses do not include) charges incurred by you or your dependents before you or your dependents complete the benefit waiting periods (if any).

The benefit waiting periods (if any) are shown on the Schedule of Benefits.

Will I receive credit for benefit waiting periods and deductibles if I had coverage under a previous plan?

If the Policy replaces the Policyholder's comparable previous dental coverage, Current Insured Individuals will receive credit for waiting periods and/or deductibles satisfied under the previous plan.

Credit will be given for the calendar year deductible (or any portion of it) and for any portion of a benefit waiting period satisfied under the previous plan if:

- 1) the statement "Provision for Current Insured Individuals is provided" is included on the Schedule of Benefits page;
- 2) a previous plan is shown on the Schedule of Benefits page; and
- 3) you and your dependents are Current Insured Individuals.

Are there limitations on expenses covered if the Policy replaces existing coverage?

Any benefits paid under the previous plan with respect to replaced coverage will be applied to and deducted from the maximum benefit payable.

Are there limitations on expenses covered if the previous plan extends benefits?

Kansas City Life will not pay benefits for any dental expenses for which benefits are paid or payable under any provision of the previous plan.

What are the provisions for extension of benefits?

The coverage under the Policy for covered dental expenses for you and your covered dependents will be extended after the date the coverage for such person terminates only if:

- 1) a covered dental expense for such services was incurred while covered; and
- 2) such services are completed within 31 days after coverage terminates.

A covered dental expense will be deemed incurred as follows:

- 1) for crowns, dentures or bridgework -- on the date the impression is taken;
- 2) for root canal therapy -- on the date the pulp chamber is opened; or
- 3) for all other dental expenses -- on the date the service is rendered or the supply is furnished.

What are the limitations and exclusions?

Coordination of Benefits

The Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

The order of benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** does not exceed 100% of the total **Allowable expense**.

DEFINITIONS

A. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

(1) **Plan** includes: group and nongroup insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; and Medicare or any other federal governmental plan, as permitted by law.

(2) **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

B. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.

C. The order of benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health care coverage under more than one **Plan**.

When **This plan** is primary, it determines payment for its benefits first before those of any other **Plan** without considering any other **Plan's** benefits. When **This plan** is secondary, it determines its benefits after those of another **Plan** and may reduce the benefits it pays so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

D. **Allowable expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

(1) The difference between the cost of a semi-private hospital room and a private hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private hospital room expenses.

(2) If a person is covered by 2 or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.

(3) If a person is covered by 2 or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.

(4) If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment arrangement shall be the **Allowable expense** for all **Plans**. However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.

(5) The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. **Closed panel plan** is a **Plan** that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the **Plan**, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.

F. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

ORDER OF BENEFIT DETERMINATION RULES

When a person is covered by two or more **Plans**, the rules for determining the order of benefit payments are as follows:

A. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other **Plan**.

B. (1) Except as provided in Paragraph (2), a **Plan** that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both **Plans** state that the complying plan is primary.

(2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.

C. A **Plan** may consider the benefits paid or provided by another **Plan** in calculating payment of its benefits only when it is secondary to that other **Plan**.

D. Each **Plan** determines its order of benefits using the first of the following rules that apply:

(1) Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent; and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, policyholder, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.

(2) Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan** the order of benefits is determined as follows:

(a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

- The **Plan** of the parent whose birthday falls earlier in the calendar year is the **Primary plan**; or
- If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.

(b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:

(i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;

(ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;

(iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or

(iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:

- The **Plan** covering the **Custodial parent**;
- The **Plan** covering the spouse of the **Custodial parent**;
- The **Plan** covering the **non-custodial parent**; and then
- The **Plan** covering the spouse of the **non-custodial parent**.

(c) For a dependent child covered under more than one **Plan** of individuals who are not the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.

(3) Active Employee or Retired or Laid-off Employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(4) COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.

(5) Longer or Shorter Length of Coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.

(6) If the preceding rules do not determine the order of benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

A. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a covered person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, COB shall not apply between that **Plan** and other **Closed panel plans**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. Kansas City Life Insurance Company may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. Kansas City Life Insurance Company need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give Kansas City Life Insurance Company any facts it needs to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, Kansas City Life Insurance Company may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. Kansas City Life Insurance Company will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by Kansas City Life Insurance Company is more than it should have paid under this **COB** provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

Statement of ERISA Rights

You are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all plan participants shall be entitled to:

1) Receive Information About Your Plan and Benefits:

- a) Examine, without charge, at the plan administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Pension and Welfare Benefit Administration.
- b) Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.
- c) Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

2) Continue Group Health Plan Coverage:

You may continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the plan on the rules governing your COBRA continuous coverage rights.

3) Prudent Actions by Plan Fiduciaries:

In addition to creating rights for plan participants ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

4) Enforce Your Rights:

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

5) Assistance with Your Questions:

If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

- g) The written decision will include specific references to the plan provisions on which the decision is based and will include any other information required by applicable law.
- h) The above appeal procedure will pre-empt any state requirements on internal appeals except to the extent that both federal and state requirements can be met.

COBRA CONTINUATION OF COVERAGE

(applies only to groups of 20 or more, as defined below)

What is COBRA Continuation?

It is a federal continuation of coverage requirement. Consolidated Omnibus Budget Reconciliation Act (COBRA) applies to any employer (except the federal government and religious organizations) who:

- maintains a group health plan; and
- normally employs 20 or more employees on a typical business day during the preceding calendar year.

For this purpose, “employee” means all owners, partners, and common-law employees (full-time and part-time).

Federal law requires that certain group plans allow qualified persons who would otherwise lose coverage under the plan as a result of a qualifying event, to elect to continue group health coverage after it would otherwise end.

See your Employer for details on this continuation provision. All compliance obligations under COBRA are the responsibility of the Employer and Employee.
