Making medication decisions

Use the UnitedHealthcare prescription drug list (PDL)

The PDL is a list of your plan's covered medications. The medications are organized into cost tiers. Choosing medications in lower tiers may save you money.

Cost tier	Includes	Helpful tips
\$ Tier 1 – Lowest cost	Lower-cost medications. Some brand-name medications.	In most cases, Tier 1 medications have the lowest cost. Consider generic options which may also help you save.
\$\$ Tier 2 – Mid-range cost	Mix of brand-name and generic medications.	Tier 2 drugs may cost less than Tier 3 drugs. ³
\$\$\$ Tier 3 – Highest cost	Highest-cost brand-name medications and some generic medications.	Many Tier 3 medications have lower-cost options in Tiers 1 or 2. Ask your doctor if they could work for you. ³

*Some Connecticut plans have a 4th tier that includes higher cost brand-name and generic medications, as well as non-preferred brand-name and specialty medications.

Save money

In most cases, generic medications have a lower copay than brand-name medications. Ask your doctor if there is a generic alternative for you.

Compare prices

Search for lower-cost alternatives. Just log in to myuhc.com. Or use the UnitedHealthcare app.

Tips

Know your plan

Your plan may require one or more of the following for your prescription to be covered:

Prior authorization: approval to get a medication.

Step therapy (First Start for NJ plans only): trying one medication before another.

Quantity limits: only a certain amount of the medication is allowed for coverage.

Log on to myuhc.com to see if you could save. Or use the UnitedHealthcare app.

Important things to know about selecting your PCP

A primary care provider (PCP) is your health guide—someone who can help coordinate your care and supports you in achieving your best health.

Your PCP:

- Must be a general practice, family practice, pediatrician or internal medicine provider*
- Must be an individual provider, not a medical practice**
- Must be accepting new patients (if you are not a current patient)
- Must be located in a town or city near where you (the subscriber) live or work
- Can be selected for the entire family or each covered member can select their own

A PCP is the doctor who knows you best—who understands your health history and health goals. They're who you turn to first—for everything from routine care to prescriptions and more.

And, since most PCPs offer virtual visits for primary care, you can choose to see them in person or from home.

So, whether or not your plan requires you to have a PCP, it's a good idea to choose one.

See reverse side for instructions on how to select a PCP.

*Some states allow you to choose a specialist, like an OB/GYN, as your PCP. Contact your employer for more information.

**Some health plans may allow you to choose a medical group rather than a doctor as your PCP.

continued

Follow these steps to choose your PCP

- 1 • Go to myuhc.com[®] (you don't need to sign in)
• Then select **Find a Provider > Medical Directory** then, **Employer and Individual Plans**.
- 2 If prompted, select the year in which you will be receiving care (choose the following year if you are making open enrollment selections)—confirm the ZIP code for your search, choose **People**, then **Primary Care**, then select from any of the categories listed.

Not sure which plan name to look for? Check your open enrollment materials or ask your employer.

Certificate of Coverage

UnitedHealthcare Insurance Company

What Is the Certificate of Coverage?

This *Certificate of Coverage (Certificate)* is part of the Policy that is a legal document between UnitedHealthcare Insurance Company and the Group. The *Certificate* describes Covered Health Care Services, subject to the terms, conditions, exclusions and limitations of the Policy. We issue the Policy based on the Group's *Application* and payment of the required Policy Charges.

In addition to this *Certificate*, the Policy includes:

- The *Schedule of Benefits*.
- The Group's *Application*.
- Riders, including the *Outpatient Prescription Drug Rider*.
- Amendments.

You can review the Policy at the Group's office during regular business hours.

Any conflict between this *Certificate* and the Policy will be resolved to the most favorable outcome for the Covered Person.

Can This Certificate Change?

We may, from time to time, change this *Certificate* by attaching legal documents called Riders and/or Amendments that may change certain provisions of this *Certificate*. When this happens we will send you a new *Certificate*, Rider or Amendment. This in no way removes your right to bring legal action, make an appeal, file a grievance or seek relief through the *Missouri Department of Commerce & Insurance* as described in this *Certificate*.

Other Information You Should Have

We have the right to change, interpret, withdraw or add Benefits, or to end the Policy, as permitted by law, without your approval.

On its effective date, this *Certificate* replaces and overrules any *Certificate* that we may have previously issued to you. This *Certificate* will in turn be overruled by any *Certificate* we issue to you in the future.

The Policy will take effect on the date shown in the Policy. Coverage under the Policy starts at 12:01 a.m. and ends at 12:00 midnight in the time zone of the Group's location. The Policy will remain in effect as long as the Policy Charges are paid when they are due, subject to *Section 4: When Coverage Ends*.

We are delivering the Policy in Missouri. The Policy is subject to the laws of the state of Missouri and ERISA, unless the Group is not a private plan sponsor subject to ERISA. To the extent that state law applies, Missouri law governs the Policy.

Introduction to Your Certificate

This *Certificate* and the other Policy documents describe your Benefits, as well as your rights and responsibilities, under the Policy.

What Are Defined Terms?

Certain capitalized words have special meanings. We have defined these words in *Section 9: Defined Terms*.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare Insurance Company. When we use the words "you" and "your," we are referring to people who are Covered Persons, as that term is defined in *Section 9: Defined Terms*.

How Do You Use This Document?

Read your entire *Certificate* and any attached Riders and/or Amendments. You may not have all of the information you need by reading just one section. Keep your *Certificate* and *Schedule of Benefits* and any attachments in a safe place for your future reference. You can also get this *Certificate* at www.myuhc.com.

Review the Benefit limitations of this *Certificate* by reading the attached *Schedule of Benefits* along with *Section 1: Covered Health Care Services* and *Section 2: Exclusions and Limitations*. Read *Section 8: General Legal Provisions* to understand how this *Certificate* and your Benefits work. Call us if you have questions about the limits of the coverage available to you.

If there is a conflict between this *Certificate* and any summaries provided to you by the Group, this *Certificate* controls.

Please be aware that your Physician is not responsible for knowing or communicating your Benefits.

How Do You Contact Us?

Call the telephone number listed on your identification (ID) card. Throughout the document you will find statements that encourage you to contact us for more information.

Your Responsibilities

Eligibility, Enrollment, and Required Contributions

Benefits are available to you once you are enrolled for coverage under the Policy. The Group will apply the eligibility rules.

- Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins*. To be enrolled and receive Benefits, both of the following apply:
 - Your enrollment must be in accordance with the rules of the Policy issued to your Group, including the eligibility rules.
 - You must qualify as a Subscriber or a Dependent as those terms are defined in Section 9: Defined Terms.
- You continue to receive Benefits as long as you continue to qualify as a Subscriber or Dependent as defined in *Section 9: Defined Terms* and meet the eligibility rules noted in the Policy which includes this Certificate and the Group Application.
- Your Benefits are no longer available as described in *Section 4: When Coverage Ends*.

Your Group may require you to make certain payments to them, in order for you to remain enrolled under the Policy. If you have questions about this, contact your Group.

Be Aware the Policy Does Not Pay for All Health Care Services

The Policy does not pay for all health care services. Benefits are limited to Covered Health Care Services. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

Decide What Services You Should Receive

Care decisions are between you and your Physician. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However, if you choose to receive Covered Health Care Services from an out-of-Network provider, you are responsible for obtaining prior authorization before you receive the services. To obtain prior authorization, call the telephone number on your ID card. Upon receiving a phone call from you, we contact the appropriate providers and facilities, as needed to determine medical necessity and finalize the prior authorization process. You only need to contact us to get the process started. You will be notified of the outcome of the prior authorization request. For detailed information on the Covered Health Care Services that require prior authorization, please refer to the *Schedule of Benefits*.

Pay Your Share

You must meet any applicable deductible and pay a Co-payment and/or Co-insurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician,

provider or facility. Any applicable deductible, Co-payment and Co-insurance amounts are listed in the *Schedule of Benefits*.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with the Policy's exclusions.

Show Your ID Card

You should show your ID card every time you request health care services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered.

File Claims with Complete and Accurate Information

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health care services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under the Policy for all other Covered Health Care Services that are not related to the condition or disability for which you have other coverage.

Our Responsibilities

Determine Benefits

We make administrative decisions regarding whether the Policy will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We have the discretion to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *Certificate*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may assign this discretion to other persons or entities that may provide administrative services for the Policy, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time as we determine. In order to receive Benefits, you must cooperate with those service providers.

Pay for Our Portion of the Cost of Covered Health Care Services

We pay Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by the Policy.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Care Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Care Services Provided by Out-of-Network Providers

In accordance with any state prompt pay requirements, we pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We adjudicate claims consistent with industry standards. We develop our reimbursement policy guidelines, as we determine, generally in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our

reimbursement policies) and the billed charge. However, out-of-Network providers may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may get copies of our reimbursement policies for yourself or to share with your out-of-Network Physician or provider by contacting us at www.myuhc.com or the telephone number on your ID card.

We may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, we will use a comparable methodology(ies). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable methodology.

Offer Health Education Services to You

We may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but we recommend that you discuss them with your Physician.

Benefits are provided for coverage for the diagnosis and treatment of Autism Spectrum Disorders or Developmental or Physical Disabilities.

We will not deny or refuse to issue coverage on, refuse to contract with, or refuse to renew or refuse to reissue or otherwise end or restrict coverage to you or your Dependent because the individual is diagnosed with Autism Spectrum Disorders or Developmental or Physical Disabilities.

Coverage provided for Autism Spectrum Disorders or Developmental or Physical Disabilities is limited to Medically Necessary treatment that is ordered by the Covered Person's treating licensed Physician or licensed psychologist, pursuant to the powers granted under such licensed Physician's or licensed psychologist's license, in accordance with a treatment plan.

Upon our request, the treatment plan will include all elements needed for us to pay claims. Such elements include, but are not limited to, a diagnosis, proposed treatment by type, frequency and duration of treatment, and goals.

Except for inpatient services, we have the right to review the treatment plan if a Covered Person is receiving treatment for an Autism Spectrum Disorders or developmental or physical disability. We have the right to review the treatment plan not more than once every six months unless we and the Covered Person's treating Physician or psychologist agree that a more frequent review is needed. Any such agreement regarding the right to review a treatment plan more frequently shall only apply to a particular Covered Person being treated for an Autism Spectrum Disorder and shall not apply to all Covered Persons receiving applied behavior analysis from that autism service provider, physician, or psychologist. The cost of obtaining any review or treatment plan shall be borne by us.

For Autism Spectrum Disorders there are no limits on the number of visits a Covered Person may make to an Autism Service Provider.

For Developmental and Physical Disabilities limits may apply. Coverage may be provided above the limits indicated in the *Schedule of Benefits* with prior approval, if we determine the treatment is Medically Necessary.

This Benefit shall not be construed as limiting Benefits which are otherwise available to a Covered Person under this Policy. The coverage under the Benefit required by Missouri law shall not be subject to any greater Annual Deductible, Co-insurance, or Co-payment than other physical health care services provided by us. Covered Health Care Services may be subject to other general exclusions and limitations of the Policy, not in conflict with the provisions of this *Autism Spectrum Disorders or Developmental or Physical Disabilities* Benefit, such as coordination of Benefits, exclusions for services provided by family or household members, and utilization review of Covered Health Care Services, including review of Medical Necessity and care management; however, coverage for treatment under the *Autism Spectrum Disorders or Developmental or Physical Disabilities* section shall not be denied on the basis that it is educational or habilitative in nature.

If we make payments or reimbursements for Applied Behavior Analysis, such payments or reimbursements shall be made to either:

- The Autism Service Provider, as defined in the Autism Spectrum Disorders Definitions section of *Section 9: Defined Terms*; or.
- The entity or group for whom such supervising person, who is certified as a board-certified behavior analyst by the *Behavior Analyst Certification Board*, works or is associated.

Such payments or reimbursements for Autism Spectrum Disorders coverage to an Autism Service Provider or a board-certified behavior analyst shall include payments or reimbursements for services provided by a Line Therapist under the supervision of such Autism Service Provider or behavior analyst if such services provided by the Line Therapist are included in the treatment plan and are deemed Medically Necessary.

Notwithstanding any other provision of Missouri's law to the contrary, we shall not be held responsible for the actions of Line Therapists in the performance of their duties.

Because we are subject to the provisions of Missouri's Autism Spectrum Disorders law, we shall not be required to provide reimbursement for the Applied Behavior Analysis delivered to a person insured by us to the extent we are billed for such services by any Part C early intervention program or any school district for Applied Behavior Analysis rendered to the Covered Person by us. This shall not be construed as affecting any obligation to provide services to a Covered Person who has an individualized family service plan, an individualized education plan, or an individualized service plan. The Missouri's Autism Spectrum Disorders law shall not be construed as affecting any obligation to provide reimbursement pursuant to Missouri's Early Intervention Services law.

Section 3: When Coverage Begins

How Do You Enroll?

Eligible Persons must complete an enrollment form given to them by the Group. The Group will submit the completed forms to us, along with any required Premium. We will not provide Benefits for health care services that you receive before your effective date of coverage.

We will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.
- You receive Covered Health Care Services in accordance with the terms of the Policy.

These Benefits are subject to your previous carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as reasonably possible. For plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Care Services from Network providers.

What If You Are Eligible for Medicare?

Your Benefits may be reduced if you are eligible for Medicare but do not enroll in and maintain coverage under both Medicare Part A and Part B.

Your Benefits may also be reduced if you are enrolled in a *Medicare Advantage* (Medicare Part C) plan but do not follow the rules of that plan. Please see *How Are Benefits Paid When You Are Medicare Eligible?* in *Section 8: General Legal Provisions* for more information about how Medicare may affect your Benefits.

Who Is Eligible for Coverage?

Eligibility for enrollment is administered by the Group consistent with the Policy which includes this *Certificate* and *Group Application*.

Eligible Person

Eligible Person usually refers to an employee or member of the Group who meets the eligibility rules. When an Eligible Person enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person, Group and Subscriber, see *Section 9: Defined Terms*.

Eligible Persons must live within the United States.

If both spouses are Eligible Persons of the Group, each may enroll as a Subscriber or be covered as an Enrolled Dependent of the other, but not both.

Dependent

Dependent generally refers to the Subscriber's spouse and children. When a Dependent enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 9: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.

If both parents of a Dependent child are enrolled as a Subscriber, only one parent may enroll the child as a Dependent.

When Do You Enroll and When Does Coverage Begin?

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Initial Enrollment Period

When the Group purchases coverage under the Policy from us, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date shown in the Policy. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

Open Enrollment Period

The Group sets the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Group. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

New Eligible Persons

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Group, in accordance with the eligibility rules. We must receive the completed enrollment form and any required Premium within 31 days of the date the new Eligible Person first becomes eligible.

Adding New Dependents

Subscribers may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Legal guardianship.
- Court or administrative order.

Coverage for the Dependent begins on the date of the event. We must receive the completed enrollment form and any required Premium within 31 days of the event.

Coverage for newborn children of a Covered Person, including adopted newborn children and newborn children placed for adoption, begins at the moment of birth, adoption or placement for adoption. We must receive the completed enrollment form and any required Premium within 31 days of the date of the event. If we do not receive the completed enrollment form and any required Premium within 31 days, coverage for the child will end at the end of the 31-day period.

If an application or other form of enrollment is required in order to continue coverage beyond the 31 day period after the date of the event and the Covered Person has notified us of the event, either orally or in writing, we shall, upon notification, provide the Subscriber with all forms and instructions needed to enroll the child. You will have an additional 10 days from the date the forms and instructions are provided in which to enroll the child.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan ended for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if any of the following are true:

- The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period and coverage under the prior plan ended because of any of the following:
 - Loss of eligibility (including legal separation, divorce or death).
 - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
 - In the case of COBRA continuation coverage, the coverage ended.
 - The Eligible Person and/or Dependent no longer resides, lives or works in an HMO service area if no other benefit option is available.
 - The plan no longer offers benefits to a class of individuals that includes the Eligible Person and/or Dependent.
 - The Eligible Person and/or Dependent loses eligibility under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage or determination of eligibility for state subsidy), coverage begins on the date of the event. We must receive the completed enrollment form and any required Premium within 31 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day following the day coverage under the prior plan ends. Except as otherwise noted above, coverage will begin only if we receive the completed enrollment form and any required Premium within 31 days of the date coverage under the prior plan ended.

Section 4: When Coverage Ends

General Information about When Coverage Ends

As permitted by law, we may end the Policy and/or all similar benefit plans at any time for the reasons explained in the Policy.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

When your coverage ends, we will still pay claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, we will not pay claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended). Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

Please note that if you are subject to the *Extended Coverage for Total Disability* provision later in this section, entitlement to Benefits ends as described in that section.

What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**

Your coverage ends on the date the Policy ends. In this event, the Group is responsible for notifying you that your coverage has ended.

- **You Are No Longer Eligible**

Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to *Section 9: Defined Terms* for definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**

The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends on the last day of the calendar month in which we receive the required notice from the Group to end your coverage, or on the date requested in the notice, if later.

- **Subscriber Retires or Is Pensioned**

The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends the last day of the calendar month in which the Subscriber is retired or receiving benefits under the Group's pension or retirement plan.

This provision applies unless there is specific coverage classification for retired or pensioned persons in the Group's *Application*, and only if the Subscriber continues to meet any applicable eligibility rules. The Group can provide you with specific information about what coverage is available for retirees.

Fraud or Intentional Misrepresentation of a Material Fact

We will provide at least 30 days advance required notice to the Subscriber that coverage will end on the date we identify in the notice because you committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If we find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy. The validity of the Policy will not be contested, except for nonpayment of Premium, after the first two years. No statement made by the Group, except a fraudulent statement contained in a written instrument signed by the person making such statement, can be used to void this Policy after it has been in force for a period of two years.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental or physical handicap.
- The Enrolled Dependent child depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of the Policy.

You must furnish us with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician we choose examine the child. We will pay for that exam.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at our expense. We will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

Extended Coverage for Total Disability

Coverage when you are Totally Disabled on the date the entire Policy ends will not end automatically. We will extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The Total Disability ends.
- Three - Eighteen months from the date coverage would have ended when the entire Policy ends.

Continuation of Coverage and Conversion

If your coverage ends under the Policy, you may have the right to elect continuation coverage (coverage that continues on in some form) in accordance with federal or state law.

Continuation coverage under *COBRA* (the federal *Consolidated Omnibus Budget Reconciliation Act*) is available only to Groups that are subject to the terms of *COBRA*. Contact your plan administrator to find out if your Group is subject to the provisions of *COBRA*.

If you chose continuation coverage under a prior plan which was then replaced by coverage under the Policy, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

We are not the Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying us in a timely manner of your election of continuation coverage.

You and any covered children have the right to continue coverage after COBRA expires if you are either a surviving spouse age 55 or older or a divorced or legally separated spouse age 55 or older.

Conversion

If your coverage ends for one of the reasons described below, you may apply for conversion coverage without furnishing evidence of insurability.

Reasons for termination:

- The Subscriber is retired or pensioned.
- You cease to be eligible as a Subscriber or Enrolled Dependent.
- Continuation coverage ends.
- The entire Policy ends and is not replaced.

Application and payment of the first Premium must be made within 31 days after coverage ends under the Policy. Conversion coverage will be issued in accordance with the terms and conditions in effect at the time of application. Conversion coverage may be substantially different from coverage provided under the Policy.

Section 5: How to File a Claim

How Are Covered Health Care Services from Network Providers Paid?

We pay Network providers directly for your Covered Health Care Services. If a Network provider bills you for any Covered Health Care Service, contact us. However, you are required to meet any applicable deductible and to pay any required Co-payments and Co-insurance to a Network provider.

How Are Covered Health Care Services from an Out-of-Network Provider Paid?

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described below.

Required Information

Written proofs of loss must be provided to us within 90 days after the date of the loss. Failure to furnish proof within the time frame shall not invalidate nor reduce any claim if it was not reasonably possible to furnish proof within such time, provided proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity of the Covered Person, later than one year from the time proof is otherwise required.

All Benefits payable under the Policy shall be payable not more than 30 days after receipt of proof.

When you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the *Current Procedural Terminology* (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card.

When filing a claim for Outpatient Prescription Drug Benefits, your claims should be submitted to:

Optum Rx
PO Box 650629
Dallas, TX 75265-0629

Payment of Benefits

You may not assign your Benefits under the Policy or any cause of action related to your Benefits under the Policy to an out-of-Network provider. We may, as we determine, pay an out-of-Network provider

directly for services rendered to you. In the case of such payment to an out-of-Network provider, we have the right to offset Benefits to be paid to the provider by any amounts that the provider owes us.

Any such payment to an out-of-Network provider:

- Is not an assignment of your Benefits under the Policy or of any legal or equitable right to institute any proceeding relating to your Benefits,
- Is not a waiver of the prohibition on assignment of Benefits under the Policy, and
- Will not preclude us from asserting that any purported assignment of Benefits under the Policy is invalid and prohibited.

Allowed Amounts due to an out-of-Network provider for Covered Health Care Services that are subject to the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)* are paid directly to the provider.

Payment of Benefits under the Policy shall be in cash or cash equivalents, or in a form of other consideration that we determine to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of the amount the provider owes us, or to other plans for which we make payments where we have taken an assignment of the other plans' recovery rights for value.

Direct Payment to Public Hospitals

Benefits for Covered Health Care Services will be paid, with or without an assignment from you, to public Hospitals or clinics for services and supplies provided to you if a proper claim is submitted by the public Hospital or clinic. No Benefits shall be paid to the public Hospital or clinic if such Benefits have been paid to you prior to receipt of the claim by us. Payment to the public Hospital or clinic shall discharge us from all liability to you to the extent of the Benefits paid.

Section 6: Questions, Grievances and Appeals

Definitions

The following terms apply to this Section:

- "Adverse determination" means a determination by us or our utilization review entity that an admission, availability of care, continued stay or other health care services furnished or proposed to be furnished to an enrollee has been reviewed and, based upon the information provided, does not meet our or our utilization review entity requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness, or are experimental or investigational, and the payment for the requested service is therefore denied, reduced or terminated.
- "Grievance" means a written complaint by or on behalf of an enrollee regarding the:
 - Availability, delivery or quality of health care services, including a complaint regarding an adverse determination made pursuant to utilization review;
 - Claims payment, handling or reimbursement for health care services; or
 - Matters pertaining to the contractual relationship between an enrollee and a health carrier.

- When the grievance involves an adverse determination, and the grievance advisory panel makes a preliminary decision that the determination should be upheld, we will submit the grievance for review to two independent clinical peers in the same or similar specialty as would typically manage the case being reviewed that were not involved in the circumstances giving rise to the grievance or in any subsequent investigation or determination of the grievance. In the event both independent reviews concur with the grievance advisory panel's preliminary decision, the panel's decision shall stand. In the event that both independent reviewers disagree with the grievance advisory panel's preliminary decision, the initial adverse determination shall be overturned. In the event that one of the two independent reviewers disagree with the grievance advisory panel's preliminary decision, the panel shall reconvene and make a final decision in its discretion.

Review by the grievance advisory panel will follow the same time frames as set forth above, except for expedited review as described below.

The grievance advisory panel shall advise you in writing of its findings within 15 days from the conclusion of the hearing.

Expedited Review

Your expedited grievance may be submitted orally or in writing. For the purposes of the grievance register, the request will not be considered a grievance unless it is in writing. The expedited review procedures are available to you, your representative, and a provider acting on your behalf. How Do You Appeal a Claim Decision?

Post-service Claims

Post-service claims are claims filed for payment of Benefits after medical care has been received.

Pre-service Requests for Benefits

Pre-service requests for Benefits are requests that require prior authorization or benefit confirmation prior to receiving medical care.

How to Request an Appeal

If you disagree with a pre-service request for Benefits determination, post-service claim determination or a rescission of coverage determination, you can contact us in writing to request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first grievance request must be submitted to us within 180 days after you receive the denial of a pre-service request for Benefits or the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with expertise in the field, who was not involved in the prior determination. We may consult with, or ask medical experts to take part in the appeal process. You consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and other information related to your claim for Benefits. If any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Utilization Review

Utilization review is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures, or settings. Techniques may include ambulatory review, prior authorization review, second opinion, certification,

concurrent review, case management, discharge planning or retrospective review. Utilization review shall not include elective requests for clarification of coverage.

Pharmaceutical and Durable Medical Equipment

In addition to all other reviews, you, or your provider on your behalf, may appeal for the coverage of Medically Necessary pharmaceutical prescriptions and Durable Medical Equipment using our utilization review process.

Determinations

For determinations, we shall make the determination within 36 hours, which shall include one working day, of obtaining all necessary information regarding a proposed admission, procedure or service requiring a review determination. For purposes of this section, "necessary information" includes the results of any face-to-face clinical review or second opinion that may be required.

In the case of a determination to certify an admission, procedure or service, we shall notify the provider rendering the service by telephone or electronically within 24 hours of making the certification, and provide written or electronic confirmation of the telephone notification to the enrollee and the provider within two working days of making the certification.

In the case of an adverse determination, we shall notify the provider rendering the service by telephone or electronically within 24 hours of making the adverse determination, and shall provide written or electronic confirmation of the telephone notification to the enrollee and the provider within one working day of making the adverse determination.

If we authorize a health care service, we will not later retract its authorization after the services have been provided, or reduce payment for an item or service provided due to this authorization unless:

The authorization is based on a material misrepresentation or omission about the enrollee's health condition.

The plan ends before the services are provided.

The enrollee's coverage under the plan ends before services are provided.

Determinations for Emergency Health Care Services

Emergency Health Care Services necessary to screen and stabilize a Covered Person do not require prior authorization. Emergency Health Care Services are subject to any applicable Co-payments and/or Co-insurance. When Emergency Health Care Services require immediate post evaluation or post stabilization services, we will provide an authorization decision within sixty minutes of receiving the request; if the authorization decision is not made within thirty minutes, services will be deemed approved.

Concurrent Review Determinations

For concurrent review determinations, we shall make the determination within one working day of obtaining all necessary information.

In the case of a determination to certify an extended stay or additional services, we shall notify the provider rendering the service by telephone within one working day of making the certification, and provide written or electronic confirmation to the enrollee and the provider within one working day after the telephone notification. The written notification shall include the number of extended days or next review date, the new total number of days or services approved, and the date of admission or initiation of services.

In the case if an adverse determination, we shall notify the provider rendering the service by telephone within 24 hours of making the adverse determination and provide written or electronic notification to the enrollee and the provider within one working day of the telephone notification. The services shall be continued without liability to the enrollee until the enrollee has been notified of the determination.

Retrospective Review Determinations

For retrospective review determinations, we shall make the determination within 30 working days of receiving all necessary information. We shall provide notice in writing of our determination to an enrollee within ten working days of making the determination.

Adverse Determination

A written notification of an adverse determination shall include the principal reason or reasons for the determination, including the clinical rationale, and the instructions for initiating an appeal or reconsideration of the determination. We shall provide the clinical rationale in writing for an adverse determination, including the clinical review criteria used to make that determination, to the health care provider and any party who received notice of the adverse determination.

Lack of Information

We have written procedures to address failure or inability of a provider or an enrollee to provide all necessary information for review. These procedures will be made available to health care providers on our website. In cases where the provider or an enrollee will not release necessary information, we may deny certification of an admission, procedure or service.

Independent External Review Program

When a health carrier or their designee utilization review organization issues an adverse determination, as defined above, to an enrollee in a health plan that has a managed care component, the enrollee or his/her representative may file a grievance with the director without exhausting all remedies available under the carrier's grievance process.

A health carrier or plan sponsor also may file a grievance with the director concerning an adverse determination.

1. The grievance will be processed by the division as any other consumer complaint. The division will assign the grievance a file number. The division will send an inquiry to the health carrier (or party) which is complained against requesting the health carrier (or party) to respond in writing with their position and all supporting documentation concerning the matter grieved. The division will attempt to resolve the issue with the health carrier (or party).
1. If the director determines a grievance is unresolved after completion of the division's consumer complaint process, the director shall refer the unresolved grievance to an independent review organization (IRO). An unresolved grievance shall include a difference of opinion between a treating health care professional and the health carrier concerning the medical necessity, appropriateness, health care setting, and level of care or effectiveness of a health care service.
2. The director will provide the IRO and the enrollee, enrollee's representative or health carrier copies of all medical records and any other relevant documents which the division has received from any party. The enrollee, enrollee's representative and health carrier may review all the information submitted to the IRO for consideration.
3. The enrollee, enrollee's representative or health carrier may also submit additional information to the division which the division shall forward to the IRO. All additional information must be received by the division. If an enrollee, enrollee's representative or health carrier has information which contradicts information already provided the IRO, they should provide it as additional information. All additional information should be received by the division within 15 working days from the date the division mailed that party copies of the information provided the IRO. An envelope's postmark shall determine the date of mailing. Information may be submitted to the division by means other than mail if it is in writing, typeset or easily transferred into typeset by the division's technology and a date of transmission is easily determined by the division. Any additional information submitted by the enrollee or the enrollee's representative shall be reviewed by the IRO when conducting the external review. At the director's discretion, additional information which is received past the 15 working-day deadline may be submitted to the IRO.

4. The IRO shall request from the division any additional information it wants. The division shall gather the requested information from an enrollee, enrollee's representative or health carrier or other appropriate entity and provide it to the IRO. If the division is unable to obtain the requested information, the IRO shall base its opinion on the information already provided.
5. Within 20 calendar days of the receipt of the request for external review, the IRO shall submit to the director its opinion of the issues reviewed. If Under exceptional circumstances, if the IRO requires additional time to complete its review, it should request in writing from the director an extension in the time to process the review, not to exceed 5 calendar days. Such a request should include the reasons for the request and a specific time at which the review is expected to be complete.
6. After the director receives the IRO's opinion, the director shall issue a decision which shall be binding upon the enrollee and the health carrier. The director's decision shall be in writing and must be provided to the enrollee and health carrier within 25 calendar days of receiving the IRO's opinion. In no event shall the time between the date the IRO receives the request for external review and the date the enrollee and the health carrier are notified of the director's decision be longer than 45 days.

Expedited External Review

An enrollee or enrollee's representative or health carrier may request an expedited external review if the adverse determination:

1. Concerns an admission, availability of care, continued stay, or health care service for which the enrollee received Emergency Health Care Services, but has not been discharged from a facility; or
2. Involves a medical condition for which the delay occasioned by the standard external review time frame would jeopardize the life or health of the enrollee or jeopardize the enrollee's prognosis or ability to regain maximum function.

As expeditiously as possible after receipt of the request for expedited external review by the IRO, the IRO must issue its opinion as to whether the adverse determination should be upheld or reversed and submit its opinion to the director. As expeditiously as possible, but within no more than 72 hours after the receipt of the request for expedited external review by the IRO, the director shall issue notice to the enrollee and the health carrier of the director's determination and may issue a decision to uphold or reverse the adverse determination.

If the notice is not in writing, the director must provide the written decision within 48 hours after the date of the notice of the determination.

External Review of Experimental or Investigational Services

If a request for external review of an adverse determination involves a denial of coverage based on a determination that the health care service or treatment recommended or requested is experimental or investigational, the following additional requirements must be met:

1. The IRO shall make a preliminary determination as to whether the recommended or requested health care service or treatment that is the subject of the adverse determination is a covered Benefit under the person's health Benefit plan except for the health carrier's determination that the service or treatment is experimental or investigational for a particular medical condition; and is not explicitly listed as an excluded Benefit under the enrollee's health Benefit plan with the health carrier.
2. The request for external review of an adverse determination involving a denial of coverage based on a health carrier's determination that the health care service or treatment recommended or requested is experimental or investigational must include a certification from the enrollee's physician that:
 - A. Standard health care services or treatments have not been effective in improving the condition of the enrollee; or

- B. Standard health care services or treatments are not medically appropriate for the enrollee; or
 - C. There is no available standard health care service or treatment covered by the health carrier that is more beneficial than the recommended or requested health care service or treatment; and
 - D. The request for external review of an adverse determination involving the denial of coverage based on a determination that the requested treatment is experimental or investigational shall also include documentation a) that the enrollee's treating physician has recommended a health care service or treatment that the physician certifies, in writing, is likely to be more beneficial to the enrollee, in the physician's opinion, than any available standard health care services or treatments; or b) that the enrollee's treating physician, who is a licensed, board certified, or board-eligible physician qualified to practice in the area of medicine appropriate to treat the enrollee's condition, has certified in writing that scientifically valid studies using accepted protocols show that the health care service or treatment requested by the enrollee that is the subject of the adverse determination is likely to be more beneficial to the enrollee than any available standard health care services or treatments.
1. When conducting such an external review, the IRO must choose one or more clinical peers, who must be physicians or other health care professionals who meet minimum qualifications and through clinical experience in the past three years are experts in the treatment of the enrollee's condition and knowledgeable about the recommended or requested health care service or treatment. Each clinical peer shall provide a written opinion to the assigned IRO on whether the recommended or requested health care service or treatment should be covered.

Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the *National Association of Insurance Commissioners (NAIC)* and represents standard industry practice for coordinating benefits.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

Definitions

For purposes of this section, terms are defined as follows:

- A. **Plan.** A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 2. Plan does not include: hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.
- Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.
- B. **This Plan.** This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. **Order of Benefit Determination Rules.** The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is

secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

- D. **Allowable Expense.** Allowable Expense is a health care expense, including deductibles, co-insurance and co-payments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or according to contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
 2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
 5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.
- A. **Closed Panel Plan.** Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- B. **Custodial Parent.** Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

What Are the Rules for Determining the Order of Benefit Payments?

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
 - 1. **Non-Dependent or Dependent.** The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 - 2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
 - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
 - (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (a) The Plan covering the Custodial Parent.
 - (b) The Plan covering the Custodial Parent's spouse.

- (c) The Plan covering the non-Custodial Parent.
 - (d) The Plan covering the non-Custodial Parent's spouse.
- c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
 - d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.
 - (ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.
3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
 4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
 5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
 6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.
- C. This Coverage Plan reduces its benefits as described below for Covered Persons who are eligible for Medicare when Medicare would be the Primary Plan.

Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

- The person is entitled but not enrolled in Medicare. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.
- The person is enrolled in a *Medicare Advantage* (Medicare Part C) plan and receives non-covered services because the person did not follow all rules of that plan. Medicare benefits are determined as if the services were covered under Medicare Parts A and B.
- The person receives services from a provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare Parts A and B and the provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
- The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
- The person is enrolled under a plan with a *Medicare Medical Savings Account*. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

Important: If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under this Coverage Plan), you should enroll for and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are secondary to Medicare, we will pay Benefits under this Coverage Plan as if you were covered under both Medicare Part A and Part B. As a result, your out-of-pocket costs will be higher.

If you have not enrolled in Medicare, Benefits will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider if either of the following applies:

- You are eligible for, but not enrolled in, Medicare and this Coverage Plan is secondary to Medicare.
- You have enrolled in Medicare but choose to obtain services from a doctor that opts-out of the Medicare program.

When calculating the Coverage Plan's Benefit in these situations, we use Medicare's allowable expense or Medicare's limiting charge as the Allowable Expense.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Does This Plan Have the Right of Recovery?

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

We will not request a refund or offset against a claim more than 12 months after the claim has been paid, except in cases of fraud or misrepresentation by the provider.

How Are Benefits Paid When This Plan is Secondary to Medicare?

If This Plan is secondary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits.

Section 8: General Legal Provisions

What Is Your Relationship with Us?

It is important for you to understand our role with respect to the Group's Policy and how it may affect you. We help finance or administer the Group's Policy in which you are enrolled. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the Group's Policy will cover or pay for the health care that you may receive. The Policy pays for Covered Health Care Services, which are more fully described in this *Certificate*.
- The Policy may not pay for all treatments you or your Physician may believe are needed. If the Policy does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

What Is Our Relationship with Providers and Groups?

We have agreements in place that govern the relationship between us, our Groups and Network providers, some of which are affiliated providers. Network providers enter into agreements with us to provide Covered Health Care Services to Covered Persons.

We do not provide health care services or supplies, or practice medicine. We arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials. It does not assure the quality of the services provided. We are not responsible for any act or omission of any provider.

We are not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Group's Policy. We are not responsible for fulfilling any duties or obligations of an employer with respect to the Group's Policy.

The Group is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Policy Charge to us.
- Notifying you of when the Policy ends.

When the Group purchases the Policy to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Group. If you have any questions about this statement or about your rights under ERISA, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor*.

What Is Your Relationship with Providers and Groups?

The relationship between you and any provider is that of provider and patient.

You are responsible for all of the following:

- Choosing your own provider.

- Paying, directly to your provider, any amount identified as a member responsibility, including Co-payments, Co-insurance, any deductible and any amount that exceeds the Allowed Amount, when applicable.
- Paying, directly to your provider, the cost of any non-Covered Health Care Service.
- Deciding if any provider treating you is right for you. This includes Network providers you choose and providers that they refer.
- Deciding with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Group is that of employer and employee, Dependent or other classification as defined in the Policy.

Notice

When we provide written notice regarding administration of the Policy to an authorized representative of the Group, that notice is deemed notice to all affected Subscribers and their Enrolled Dependents. The Group is responsible for giving notice to you.

Statements by Group or Subscriber

All statements made by the Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. We will not use any statement made by the Group to void the Policy after it has been in force for two years unless it is a fraudulent statement.

The Group's *Application* is a representation and not a warranty. No statement made will be contested unless a copy of the *Application* is furnished to the Covered Person or, in the event of death or incapacity of the Covered Person, to the beneficiary or personal representative.

Do We Pay Incentives to Providers?

We pay Network providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health care services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.
- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Care Services for a particular procedure or medical condition. The applicable Co-payment and/or Co-insurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Co-payment and/or Co-insurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Care Services that are not considered part of the inclusive bundled payment and those Covered Health Care Services would be subject to the applicable Co-payment and/or Co-insurance as described in the *Schedule of Benefits*.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your provider. You may also call us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above.

Are Incentives Available to You?

Sometimes we may offer coupons, enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs, certain disease management programs, surveys, discount programs, administrative programs, and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, we recommend that you discuss taking part in such programs with your Physician. Contact us at www.myuhc.com or the telephone number on your ID card if you have any questions. These programs are generally considered value-added programs and are not described as a Covered Health Care Services in this *Certificate* under *Section 1: Covered Health Care Services* or in the *Schedule of Benefits*.

Do We Receive Rebates and Other Payments?

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed onto you, they may be taken into account in determining your Co-payment and/or Co-insurance.

Who Interprets Benefits and Other Provisions under the Policy?

We have the discretion to do all of the following:

- Interpret Benefits under the Policy.
- Interpret the other terms, conditions, limitations and exclusions set out in the Policy, including this *Certificate*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations related to the Policy and its Benefits.

We may assign this discretion to other persons or entities that provide services in regard to the administration of the Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may offer Benefits for services that would otherwise not be Covered Health Care Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

This in no way removes your right to bring legal action, make an appeal, file a grievance or seek relief through the *Missouri Department of Commerce & Insurance* as described in this *Certificate*.

Who Provides Administrative Services?

We provide administrative services or, as we determine, we may arrange for various persons or entities to provide administrative services, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as we determine. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to the Policy

To the extent permitted by law, we have the right, as we determine and without your approval, to change, interpret, withdraw or add Benefits or end the Policy.

Any provision of the Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Policy unless it is made by an Amendment or Rider which has been signed by one of our officers and consistent with applicable notice requirements. All of the following conditions apply:

- Amendments and Riders to the Policy are effective upon the Group's next anniversary date, except as otherwise permitted by law.
- No agent has the authority to change the Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Policy.

How Do We Use Information and Records?

We may use your individually identifiable health information as follows:

- To administer the Policy and pay claims.
- To identify procedures, products, or services that you may find valuable.
- As otherwise permitted or required by law.

We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you, including provider billing and provider payment records. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of the Policy.
- Needed for medical review or quality assessment.
- Required by law or regulation.

During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our *Notice of Privacy Practices*.

For complete listings of your medical records or billing statements you may contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as needed. Our designees have the same rights to this information as we have.

Do We Require Examination of Covered Persons?

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

Is Workers' Compensation Affected?

Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

How Are Benefits Paid When You Are Medicare Eligible?

Benefits under the Policy are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Policy.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Policy), you should enroll in and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are the secondary payer as described in *Section 7: Coordination of Benefits*, we will pay Benefits under the Policy as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a *Medicare Advantage* (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Policy), you should follow all rules of that plan that require you to seek services from that plan's participating providers. When we are the secondary payer, we will pay any Benefits available to you under the Policy as if you had followed all rules of the *Medicare Advantage* plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

When Do We Receive Refunds of Overpayments?

If we pay Benefits for expenses incurred on your account, you, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid or did not legally have to be paid by you.
- All or some of the payment we made exceeded the Benefits under the Policy.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy. If the refund is due from another person or organization, you agree to help us get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, your future Benefits that are payable under the Policy. If the refund is due from a person or organization other than you, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part; (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Policy; or (ii) future Benefits that are payable in connection with services provided to persons under other plans for which we make payments, pursuant to a transaction in which our overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment.

The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Please note that we shall not request a refund or offset against a claim more than twelve months after the claim has been paid, except in cases of fraud or misrepresentation by the provider.

Is There a Limitation of Action?

We strongly encourage you to complete the steps specified in *Section 6: Questions, Grievances and Appeals* prior to bringing any legal proceeding or action against us. After completing that process, if you

want to bring a legal action against us no action at law or in equity shall be brought to recover on the policy to the expiration of sixty days after proof of loss has been filed in accordance with the requirements of the Policy. You must initiate the legal action within three years of the date we notified you of our final decision on your appeal.

We reserve the right to change the *Schedule of Premium Rates* that are paid by the Group specified after a 31 - day prior written notice to the Group on the first anniversary of the effective date of this Policy specified in the application or any monthly due date thereafter, or any date the provisions of this Policy are amended. We reserve the right to change the *Schedule of Premium Rates*, retroactive to the effective date, if a Material Misrepresentation relating to health status has resulted in a lower schedule of rates.

- Serious impairment to bodily functions; or
- Serious dysfunction of any bodily organ or part.
- Inadequately controlled pain.

- Such further medical exam and treatment, to the extent they are within the capabilities of the staff and facilities available at the Hospital or an Independent Freestanding Emergency Department, as applicable, as are required under section 1867 of the *Social Security Act*, or as would be required under such section if such section applied to an Independent Freestanding Emergency Department, to stabilize the patient (regardless of the department of the Hospital in which such further exam or treatment is provided). For the purpose of this definition, "to stabilize" has the meaning as given such term in section 1867(e)(3) of the *Social Security Act (42 U.S.C. 1395dd(e)(3))*.

- Emergency Health Care Services include items and services otherwise covered under the Policy when provided by an out-of-Network provider or facility (regardless of the department of the Hospital in which the items and services are provided) after the patient is stabilized and as part of outpatient observation, or an Inpatient Stay or outpatient stay that is connected to the original Emergency, unless each of the following conditions are met:

Exceptions:

- Clinical trials for which Benefits are available as described under *Clinical Trials* in *Section 1: Covered Health Care Services*.

Certified genetic counselors, medical geneticists and physicians with a professional society's certification that they have completed advanced training in genetics are considered qualified clinicians when Covered Health Care Services for Genetic Testing require Genetic Counseling.

- Not more costly than an alternative drug, service(s), service site or supply that is at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of your Sickness, Injury, disease or symptoms.

Generally Accepted Standards of Medical Practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. We have the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be determined by us.

We develop and maintain clinical policies that describe the *Generally Accepted Standards of Medical Practice* scientific evidence, prevailing medical standards and clinical guidelines supporting our

determinations regarding specific services. These clinical policies (as developed by us and revised from time to time), are available to Covered Persons through www.myuhc.com or the telephone number on your ID card. They are also available to Physicians and other health care professionals on UHCprovider.com.

They provide stable and safe housing and the opportunity to learn how to manage activities of daily living. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, as we determine, consider an otherwise Unproven Service to be a Covered Health Care Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Urgent Care Center - an entity that provides Covered Health Care Services that are required to prevent serious deterioration of your health. These services are required as a result of an unforeseen Sickness, Injury, or the onset of sudden or severe symptoms.

Section 10: Consolidated Appropriations Act Summary

The Policy complies with the applicable provisions of the *Consolidated Appropriations Act (the "Act")* (P.L. 116-260).

No Surprises Act

Balance Billing

Under the Act, the *No Surprises Act* prohibits balance billing by out-of-Network providers in the following instances:

- When Ancillary Services are received at certain Network facilities on a non-emergency basis from out-of-Network Physicians.
- When non-Ancillary Services are received at certain Network facilities on a non-emergency basis from out-of-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described in the Act.
- When Emergency Health Care Services are provided by an out-of-Network provider.
- When Air Ambulance services are provided by an out-of-Network provider.

In these instances, the out-of-Network provider may not bill you for amounts in excess of your applicable Co-payment, Co-insurance or deductible (cost share). Your cost share will be provided at the same level as if provided by a Network provider and is determined based on the Recognized Amount.

For the purpose of this Summary, "certain Network facilities" are limited to a hospital (as defined in *1861(e) of the Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in *1861(mm)(1) of the Social Security Act*), an ambulatory surgical center described in section *1833(i)(1)(A) of the Social Security Act*, and any other facility specified by the Secretary.

Determination of Our Payment to the Out-of-Network Provider:

When Covered Health Care Services are received from out-of-Network providers for the instances as described above, Allowed Amounts, which are used to determine our payment to out-of-Network providers, are based on one of the following in the order listed below as applicable:

- The reimbursement rate as determined by a state *All Payer Model Agreement*.
- The reimbursement rate as determined by state law.
- The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
- The amount determined by *Independent Dispute Resolution (IDR)*.

Continuity of Care

The Act provides that if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

Provider Directories

The Act provides that if you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly by us prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through our database, our provider directory, or in our response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing that would be no greater than if the service had been provided from a Network provider.

Schedule of Benefits

How Do You Access Benefits?

You can choose to receive Network Benefits or Out-of-Network Benefits.

Network Benefits apply to Covered Health Care Services that are provided by a Network Physician or other Network provider. You are not required to select a Primary Care Physician in order to obtain Network Benefits.

Out-of-Network Benefits apply to Covered Health Care Services that are provided by an out-of-Network Physician or other out-of-Network provider, or Covered Health Care Services that are provided at an out-of-Network facility.

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Covered Health Care Services provided at certain Network facilities by an out-of-Network Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. For these Covered Health Care Services, "certain Network facility" is limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center as described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

Ground and Air Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Group, this *Schedule of Benefits* will control.

Does Prior Authorization Apply?

We require prior authorization for certain Covered Health Care Services. Network providers are responsible for obtaining prior authorization before they provide these services to you.

We recommend that you confirm with us that all Covered Health Care Services have been prior authorized as required. Before receiving these services from a Network provider, you may want to call us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call us at the telephone number on your ID card.

When you choose to receive certain Covered Health Care Services from out-of-Network providers, you are responsible for obtaining prior authorization before you receive these services. Note that your obligation to obtain prior authorization is also applicable when an out-of-Network provider intends to admit you to a Network facility or to an out-of-Network facility or refers you to other

Network or out-of-Network providers. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization. Services for which you are required to obtain prior authorization are shown in the *Schedule of Benefits* table within each Covered Health Care Service category.

To obtain prior authorization, call the telephone number on your ID card. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

Please note that prior authorization timelines apply. Refer to the applicable Benefit description in the *Schedule of Benefits* table to find out how far in advance you must obtain prior authorization.

For Covered Health Care Services that do not require you to obtain prior authorization, when you choose to receive services from out-of-Network providers, we urge you to confirm with us that the services you plan to receive are Covered Health Care Services. That's because in some instances, certain procedures may not be Medically Necessary or may not otherwise meet the definition of a Covered Health Care Service, and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Care Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time prior authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those received, our final coverage determination will be changed to account for those differences, and we will only pay Benefits based on the services delivered to you.

If you choose to receive a service that has been determined not to be a Medically Necessary Covered Health Care Service, you will be responsible for paying all charges and no Benefits will be paid.

Care Management

When you seek prior authorization as required, we will work with you to put in place the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under the Policy), the prior authorization requirements do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in *Section 7: Coordination of Benefits*. You are not required to obtain authorization before receiving Covered Health Care Services.

What Will You Pay for Covered Health Care Services?

Benefits for Covered Health Care Services are described in the tables below.

Annual Deductibles are calculated on a calendar year basis.

Out-of-Pocket Limits are calculated on a calendar year basis.

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Out-of-Network Benefits unless otherwise specifically stated.

Allowed Amounts are determined in accordance with our reimbursement policy guidelines or as required by law, as described in the *Certificate*.

Network Benefits

Allowed Amounts are based on the following:

- When Covered Health Care Services are received from a Network provider, Allowed Amounts are our contracted fee(s) with that provider.
- When Covered Health Care Services are received from an out-of-Network provider as arranged by us, including when there is no Network provider who is reasonably accessible or available to provide Covered Health Care Services, Allowed Amounts are an amount negotiated by us or an amount permitted by law. Please contact us if you are billed for amounts in excess of your applicable Co-insurance, Co-payment, or any deductible. We will not pay excessive charges or amounts you are not legally obligated to pay.

Out-of-Network Benefits

When Covered Health Care Services are received from an out-of-Network provider as described below, Allowed Amounts are determined as follows:

- **For non-Emergency Covered Health Care Services received at certain Network facilities from out-of-Network Physicians** when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the *Public Health Service Act* with respect to a visit as defined by the Secretary (including non-Ancillary Services that have satisfied the notice and consent criteria but unforeseen, urgent medical needs arise at the time the services are provided), the Allowed Amount is based on one of the following in the order listed below as applicable:
 - The reimbursement rate as determined by a state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

For the purpose of this provision, "certain Network facilities" are limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social Security Act*), an ambulatory surgical center as described in section 1833(i)(1)(A) of the *Social Security Act*, and any other facility specified by the Secretary.

IMPORTANT NOTICE: For Ancillary Services, non-Ancillary Services provided without notice and consent, and non-Ancillary Services for unforeseen or urgent medical needs that arise at the time a service is provided for which notice and consent has been satisfied, you are not responsible, and an out-of-Network Physician may not bill you, for amounts in excess of your applicable Co-payment, Co-insurance, or deductible which is based on the Recognized Amount as defined in the *Certificate*.

- **For Emergency Health Care Services provided by an out-of-Network provider**, the Allowed Amount is based on one of the following in the order listed below as applicable:
 - The reimbursement rate as determined by a state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your applicable Co-payment, Co-insurance, or deductible which is based on the Recognized Amount as defined in the *Certificate*.

- **For Air Ambulance transportation provided by an out-of-Network provider**, the Allowed Amount is based on one of the following in the order listed below as applicable:
 - The reimbursement rate as determined by a state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-Network provider may not bill you, for amounts in excess of your Co-payment, Co-insurance, or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the *Certificate*.

- **For Emergency ground ambulance transportation provided by an out-of-Network provider**, the Allowed Amount, which includes mileage, is a rate agreed upon by the out-of-Network provider or, unless a different amount is required by applicable law, determined based upon the median amount negotiated with Network providers for the same or similar service.

IMPORTANT NOTICE: Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here.

When Covered Health Care Services are received from an out-of-Network provider, except as described above, Allowed Amounts are determined based on either of the following:

- Negotiated rates agreed to by the out-of-Network provider and either us or one of our vendors, affiliates, or subcontractors.
- If rates have not been negotiated, then one of the following amounts:
 - Allowed Amounts are determined based on 100% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for Medicare for the same or similar service within the geographic market, with the exception of the following:
 - ◆ 50% of *CMS* for the same or similar freestanding laboratory service.
 - ◆ 45% of *CMS* for the same or similar Durable Medical Equipment from a freestanding supplier, or *CMS* competitive bid rates.
 - ◆ 70% of *CMS* for the same or similar physical therapy service from a freestanding provider.
 - When a rate is not published by *CMS* for the service, we use an available gap methodology to determine a rate for the service as follows:
 - ◆ For services other than Pharmaceutical Products, we use a gap methodology established by *OptumInsight* and/or a third-party vendor that uses a relative value scale or the amount typically accepted by a provider for the same or similar service. The relative value scale may be based on the difficulty, time, work, risk, location, and resources of the service. If the relative value scale(s) currently in use become no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.
 - ◆ For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.

- ◆ When a rate for a laboratory service is not published by *CMS* for the service and gap methodology does not apply to the service, the rate is based on the average amount negotiated with similar Network providers for the same or similar service.
- ◆ When a rate for all other services is not published by *CMS* for the service and a gap methodology does not apply to the service, the Allowed Amount is based on 20% of the provider's billed charge.

We update the *CMS* published rate data on a regular basis when updated data from *CMS* becomes available. These updates are typically put in place within 30 to 90 days after *CMS* updates its data.

IMPORTANT NOTICE: Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here. This includes non-Ancillary Services when notice and consent is satisfied as described under section 2799B-2(d) of the *Public Health Service Act*.

Provider Network

We arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to choose your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting us at www.myuhc.com or the telephone number on your ID card to request a copy. If you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly by us prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through our database, our provider directory, or in our response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing (Co-payment, Co-insurance and applicable deductible) that would be no greater than if the service had been provided from a Network provider.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits. However, if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with us to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for help.

Designated Providers

If you have a medical condition that we believe needs special services, we may direct you to a Designated Provider chosen by us. If you require certain complex Covered Health Care Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Care Services from a Designated Provider, we may reimburse certain travel expenses.

In both cases, Network Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify us in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Network Benefits will not be paid. Out-of-Network Benefits may be available if the special needs services you receive are Covered Health Care Services for which Benefits are provided under the Policy.

Health Care Services from Out-of-Network Providers Paid as Network Benefits

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through an out-of-Network provider.

Limitations on Selection of Providers

If we determine that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, we may require you to select a single Network Physician to provide and coordinate all future Covered Health Care Services.

If you don't make a selection within 31 days of the date we notify you, we will select a single Network Physician for you.

If you do not use the selected Network Physician, Covered Health Care Services will be paid as Out-of-Network Benefits.

Introduction

Coverage Policies and Guidelines

Our Prescription Drug List (PDL) Management Committee makes tier placement changes on our behalf. The PDL Management Committee places FDA-approved Prescription Drug Product into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include the Prescription Drug Product's total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others; therefore, a Prescription Drug Product may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat, or according to whether it was prescribed by a Specialist.

We may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen quarterly, but no more than six times per calendar year. These changes may happen without prior notice to you. If you are actively taking a Prescription Drug Product, we will notify you electronically, or in writing, upon your request, at least thirty days prior to any deletions, other than generic substitutions, in our Policy.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please contact us at www.myuhc.com or the telephone number on your ID card for the most up-to-date tier placement.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you must pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the *Certificate* in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you did not verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Co-insurance, and any deductible that applies.

Submit your claim to:

Optum Rx

PO Box 650629

Dallas, TX 75265-0629

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the out-of-Network Benefit for that Prescription Drug Product.

Smart Fill Program - Split Fill

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 15-day supplies up to 90 days and at a pro-rated Co-payment or Co-insurance. You will receive a 15-day supply of their Specialty Prescription Drug Product to find out if you will tolerate the Specialty Prescription Drug Product prior to purchasing a full supply. The Designated Pharmacy will contact you each time prior to dispensing the 15-day supply to confirm if you are tolerating the Specialty Prescription Drug Product. You may find a list of Specialty Prescription Drug Products included in the *Smart Fill Program*, by contacting us at www.myuhc.com or the telephone number on your ID card.

When Do We Limit Selection of Pharmacies?

If we determine that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your choice of Network Pharmacies may be limited. If this happens, we may require you to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the chosen Network Pharmacy. If you don't make a choice within 31 days of the date we notify you, we will choose a Network Pharmacy for you.

Rebates and Other Payments

We may receive rebates for certain drugs included on the Prescription Drug List, including those drugs that you purchase prior to meeting any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed on to you, they may be taken into account in determining your Co-payment and/or Co-insurance.

We, and a number of our affiliated entities, conduct business with pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug Rider*. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug Rider*. We are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, we may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, as you determine, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

Variable Co-payment Program

Certain Prescription Drug Products, including Specialty Prescription Drug Products are eligible for coupons or offers from pharmaceutical manufacturers or affiliates that may reduce the cost for your Prescription Drug Product. We may help you determine whether your Prescription Drug Product is eligible for this reduction. If you redeem a coupon from a pharmaceutical manufacturer or affiliate, your Co-payment and/or Co-insurance may vary. Please contact www.myuhc.com or the telephone number on your ID card for an available list of Prescription Drug Products. If you choose not to participate, you will

pay the Co-payment or Co-insurance as described in the *Outpatient Prescription Drug Schedule of Benefits*.

The amount of the coupon will not count toward any applicable deductible or out-of-pocket limits.

Special Programs

We may have certain programs in which you may receive an enhanced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or taking part in health management programs. You may access information on these programs by contacting us at www.myuhc.com or the telephone number on your ID card.

Maintenance Medication Program

If you require certain Maintenance Medications, we may direct you to the mail order Network Pharmacy or Preferred 90 Day Retail Network Pharmacy to obtain those Maintenance Medications.

Prescription Drug Products Prescribed by a Specialist

You may receive an enhanced Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist. You may access information on which Prescription Drug Products are subject to Benefit enhancement by contacting us at www.myuhc.com or the telephone number on your ID card.

Schedule of Benefits

When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products at either a Network Pharmacy or an out-of-Network Pharmacy and are subject to Co-payments and/or Co-insurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service or is prescribed to prevent conception.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change. Therefore, your Co-payment and/or Co-insurance may change or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

Benefits for Oral Chemotherapeutic Agents

For oral chemotherapeutic agents, the amount of any applicable deductibles, Co-payments or Co-insurance combined shall not exceed \$75 per Prescription Order or Refill up to a 31-day supply, regardless of tier placement. To comply with federal law, this cap does not apply to a Covered Person with a Health Savings Account (HSA)-compatible high deductible health plan until the Annual Deductible has been met.

What Happens When a Biosimilar Product Becomes Available for a Reference Product?

If a biosimilar becomes available for a reference product (a biological Prescription Drug Product), the tier placement of the reference product may change. Therefore, your Co-payment and/or Co-insurance may change or you will no longer have Benefits for that particular reference product.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Co-payment and/or Co-insurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed. Supply limits are subject, from time to time, to our review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting us at www.myuhc.com or the telephone number on your ID card.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed to you, your Physician, your pharmacist or you are required to obtain prior authorization from us or our designee. The reason for obtaining prior

authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or Unproven Service.

We may also require you to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist.

Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for obtaining prior authorization from us.

Out-of-Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at an out-of-Network Pharmacy, you or your Physician are responsible for obtaining prior authorization from us as required.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to our review and change. There may be certain Prescription Drug Products that require you to notify us directly rather than your Physician or pharmacist. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting us at www.myuhc.com or the telephone number on your ID card.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. Our contracted pharmacy reimbursement rates (our Prescription Drug Charge) will not be available to you at an out-of-Network Pharmacy. You may seek reimbursement from us as described in the *Certificate of Coverage (Certificate)* in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Out-of-Network Reimbursement Rate (for Prescription Drug Products from an out-of-Network Pharmacy), less the required Co-payment and/or Co-insurance and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or Unproven Service.

We may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements related to such programs by contacting us at www.myuhc.com or the telephone number on your ID card.

Does Step Therapy Apply?

Certain Prescription Drug Products for which Benefits are described under this Prescription Drug Rider are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) or Pharmaceutical Product(s) for which Benefits are provided as described under the *Certificate* first.

You may find out whether a Prescription Drug Product is subject to step therapy requirements by contacting us at www.myuhc.com or the telephone number on your ID card.

What Do You Pay?

You are responsible for paying the applicable Co-payment and/or Co-insurance described in the Benefit Information table. You are not responsible for paying a Co-payment and/or Co-insurance for PPACA Zero Cost Share Preventive Care Medications. You are not responsible for paying a Co-payment and/or Co-insurance for Prescription Drug Products on the List of Zero Cost Share Medications.

The amount you pay for any of the following under this Rider will not be included in calculating any Out-of-Pocket Limit stated in your *Certificate*:

- Certain coupons or offers from pharmaceutical manufacturers or an affiliate.
- The difference between the Out-of-Network Reimbursement Rate and an out-of-Network Pharmacy's Usual and Customary Charge for a Prescription Drug Product.
- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product. Our contracted rates (our Prescription Drug Charge) will not be available to you.

Deletion Notification

If you are actively taking a particular Prescription Drug Product, we will notify you electronically, or in writing, upon your request, at least 30 days prior to any deletions, other than generic substitutions, in our Policy.

Important Notices

Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, Benefits under the Policy are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Care Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed.
- Surgery and reconstruction of the other breast to produce a symmetrical appearance.
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Care Services (including Co-payments, Co-insurance and any deductible) are the same as are required for any other Covered Health Care Service. Limitations on Benefits are the same as for any other Covered Health Care Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g. your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain prior authorization. For information on prior authorization, contact your issuer.

Notice of Transition of Care

As required by the *No Surprises Act of the Consolidated Appropriations Act (P.L. 116-260)*, group health plans must provide Benefits for transition of care. If you are currently undergoing a course of treatment with a Physician or health care facility that is out-of-Network under this new plan, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Claims and Appeal Notice

This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations. To the extent that state law provides you with more generous timelines or opportunities for appeal, those rights also apply to you. Please refer to your benefit documents for information about your rights under state law.

Benefit Determinations

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from us within 30 days of receipt of the claim, as long as all needed information was provided with the claim. We will notify you within this 30 day period if additional information is needed to process the claim, and may request a one-time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, and the claim is denied, we will notify you of the denial within 30 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

If you have prescription drug Benefits and are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy, and if you believe that it should have been paid under the Policy, you may submit a claim for reimbursement according to the applicable claim filing procedures. If you pay a Co-payment and believe that the amount of the Co-payment was incorrect, you also may submit a claim for reimbursement according to the applicable claim filing procedures. When you have filed a claim, your claim will be treated under the same procedures for post-service group health plan claims as described in this section.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or approval prior to receiving medical care. If you have a pre-service request for Benefits, and it was submitted properly with all needed information, we will send you written notice of the decision from us within 15 days of receipt of the request. If you filed a pre-service request for Benefits improperly, we will notify you of the improper filing and how to correct it within five days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, we will notify you of the information needed within 15 days after it was received, and may request a one-time extension not longer than 15 days and pend your request until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, we will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your request for Benefits will be denied. A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the appeal procedures.

If you have prescription drug Benefits and a retail or mail order pharmacy fails to fill a prescription that you have presented, you may file a pre-service health request for Benefits according to the applicable claim filing procedure. When you have filed a request for Benefits, your request will be treated under the same procedures for pre-service group health plan requests for Benefits as described in this section.

Urgent Requests for Benefits that Require Immediate Attention

Urgent requests for Benefits are those that require notification or a benefit determination prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health, or the ability to

regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. In these situations, you will receive notice of the benefit determination in writing or electronically within 72 hours after we receive all necessary information, taking into account the seriousness of your condition.

If you filed an urgent request for Benefits improperly, we will notify you of the improper filing and how to correct it within 24 hours after the urgent request was received. If additional information is needed to process the request, we will notify you of the information needed within 24 hours after the request was received. You then have 48 hours to provide the requested information.

You will be notified of a benefit determination no later than 48 hours after:

- Our receipt of the requested information.
- The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Questions or Concerns about Benefit Determinations

If you have a question or concern about a benefit determination, you may informally call us at the telephone number on your ID card before requesting a formal appeal. If the representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described above, you may appeal it as described below, without first informally contacting a representative. If you first informally contact us and later wish to request a formal appeal in writing, you should again contact us and request an appeal. If you request a formal appeal, a representative will provide you with the appropriate address.

If you are appealing an urgent claim denial, please refer to *Urgent Appeals that Require Immediate Action* below and contact us immediately.

How Do You Appeal a Claim Decision?

If you disagree with a pre-service request for Benefits determination or post-service claim determination or a rescission of coverage determination after following the above steps, you can contact us in writing to formally request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.

- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the denial of pre-service request for benefits or a claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with expertise in the field, who was not involved in the prior determination. We may consult with, or ask medical experts to take part in the appeal process. You consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information related to your claim for Benefits. If any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as shown above, the first level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied request for Benefits. However, if your state requires two levels of appeal, the first level appeal will take place and you will be notified of the decision within 15 days.

If your state requires a second level appeal, it must be submitted to us within 60 days from receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.

- For appeals of post-service claims as shown above, the first level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. However, if your state requires two levels of appeal, the first level appeal will take place and you will be notified of the decision within 30 days.

If your state requires a second level appeal, it must be submitted to us within 60 days from the receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures related to urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure. The decision to obtain the proposed treatment or procedure regardless of our decision is between you and your Physician.

Urgent Appeals that Require Immediate Action

Your appeal may require urgent action if a delay in treatment could increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If we need more information from your Physician to make a decision, we will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies, or surgeries.

We have the right to change our privacy practices and the terms of this notice. If we make a material change to our privacy practices, we will provide to you, in our next annual distribution, either a revised notice or information about the material change and how to obtain a revised notice. We will provide you with this information either by direct mail or electronically, in accordance with applicable law. In all cases, if we maintain a website for your particular health plan, we will post the revised notice on your health plan website. We have the right to make any revised or changed notice effective for information we already have and for information that we receive in the future.

UnitedHealth Group collects and maintains oral, written and electronic information to administer our business and to provide products, services and information of importance to our enrollees. We maintain physical, electronic and procedural security safeguards in the handling and maintenance of our enrollees' information, in accordance with applicable state and federal standards, to protect against risks such as loss, destruction or misuse.

We may collect, use, and disclose health information for your treatment, to pay for your health care and to operate our business. For example, we may collect, use, and disclose your health information:

- **For Payment** of premiums owed to us, to determine your health care coverage, and to process claims for health care services you receive, including for coordination of other benefits you may have. For example, we may use some health information in risk rating and pricing such as age and gender, as permitted by state and federal regulations. Statement of Employee Retirement Income Security Act of 1974 (ERISA) Rights

As a participant in the plan, you are entitled to certain rights and protections under the *Employee Retirement Income Security Act of 1974 (ERISA)*.

Receive Information about Your Plan and Benefits

You are entitled to examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series), if applicable, filed by the plan with the *U.S. Department of Labor* and available at the *Public Disclosure Room* of the *Employee Benefits Security Administration*.

You are entitled to get, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series), if applicable and updated *Summary Plan Description*. The Plan Administrator may make a reasonable charge for the copies.

Continue Group Health Plan Coverage

You are entitled to continue health care coverage for yourself, spouse or Dependents if there is a loss of coverage under the plan due to a qualifying event. You or your Dependents may have to pay for such coverage. The Plan Sponsor is responsible for providing you notice of your *Consolidated Omnibus Budget Reconciliation Act (COBRA)* continuation rights. Review the *Summary Plan Description* and the documents governing the plan on the rules governing your *COBRA* continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, *ERISA* imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under *ERISA*.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to get copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under *ERISA*, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$156 a day (subject to adjustment based on inflation) until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for Benefits which is denied or ignored, in whole or in part, and if you have exhausted the claims procedures available to you under the plan, you may file suit in a state or Federal court.

In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the *U.S. Department of Labor*, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions
